

VAPORIZER

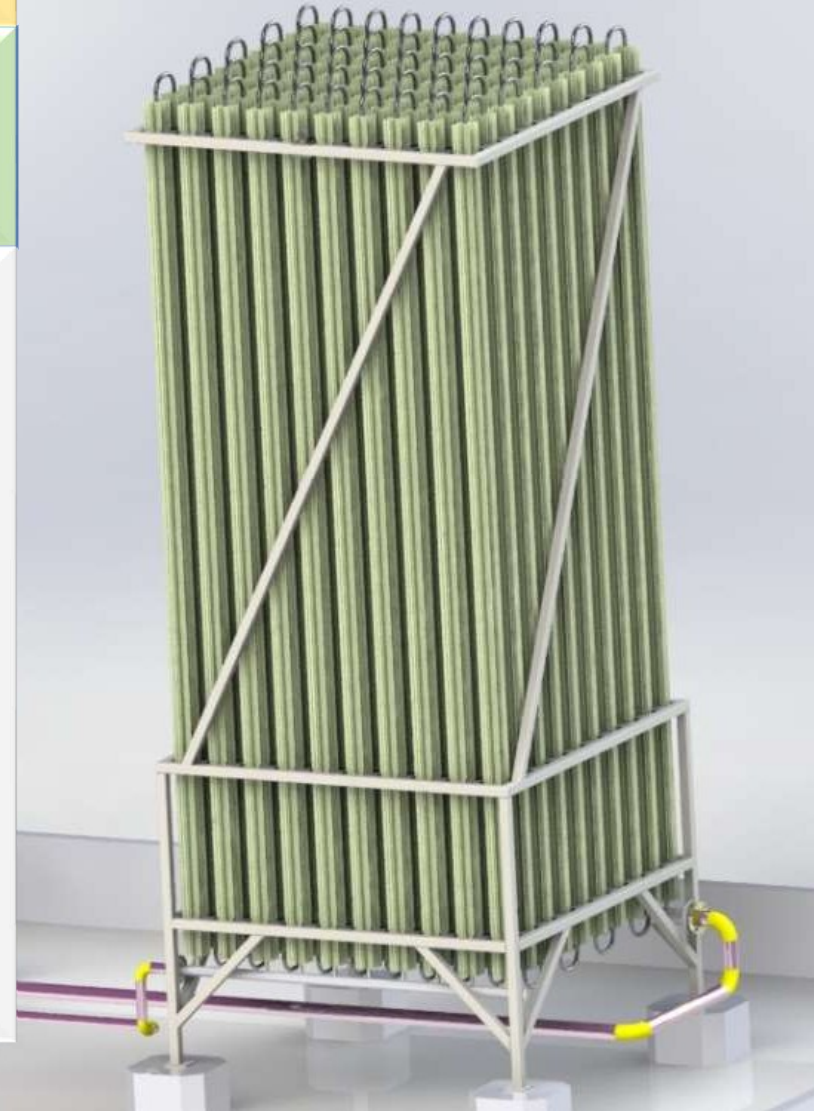

Ambient Air Vaporizers

Smart Industrial's Ambient Air Vaporizers provide maximum performance and quality with unique aluminum cooling fins that facilitate heat exchange.

- Ambient mobile cryogenic vaporizers,
- Small foot print,
- Mobile option,
- Low pressure drop,
- PED/ADR/ASME U STAMP standarts options,
- High pressures up to 200barg / 2900.75psig,
- Ready to feed natural gas grid in emergency,
- Easy handling, no need concrete work(depending on local authorities),
- Designed to endure decades, zero maintenance first 5 years, options available up to 10.000 nm³/hr.

SMART is continuously developing a variety of vaporisers to meet its clients' requirements.

Description	Flowrate	Weight	Height	Operating Pressure (max)	Transportation
Unit	Nm ³ /hr	kg	mm	bar	
SVAP 400	400	300	2000	40	20ft OT container
SVAP 1000	1000	750	5600	40	20ft OT container
SVAP 2000	2000	1800	5600	40	20ft OT container
SVAP 2500	2500	2200	5600	40	20ft OT container
SVAP 5 000	5 000	5200	11500	40	40ft OT container
SVAP 10 000	10 000	10500	11500	40	40ft OT container
